Dear Students,

This is in continuation to the email dated September 09, 2020, about the Gradual Re-opening of GIFT University, Gujranwala. It is to inform that in the first phase, **the essential labs and studio-based practical classes will be conducted on-campus, from September 21, 2020.**

The concerned instructor/faculty member will conduct the classes of labs and studio-based practical courses from the campus as per the timetable available on Times Portal ([times.gift.edu.pk](http://times.gift.edu.pk)). However, at the same time, the instructor will also be taking the above-mentioned classes through online mode. Therefore, **the students have an option to join the class with a face to face interaction or via online mode.** The list of first phase labs and studio-based practical courses is attached for information.

Keeping in view the COVID-19 preventive measures defined by the HEC and the Government of Pakistan, the students are allowed to bring their personal IT gadgets like mobile phones, laptops, note pads, hands-free, etc., for general study purpose while staying at the University campus. It is further advised to follow the attached mandatory COVID-19 SOPs in true letter and spirit.

May Allah protect and keep all of us safe and healthy. Ameen.

With regards,

**Sameeh Ullah***Deputy Manager Academic Operations*
